FESTIVAL VILLAGE

The Portugal Basketball Festival will use multiple basketball venues across Lisbon's city center, depending on the final number of attending teams and the need of official dimensioned basketball courts.

The venues to be used are located in short walking distances from each other, and the tournament will have an official Festival Village where players, teams, coaches and officials can get together and share experiences.

Green is the predominant color in the landscape of this space, dedicated to physical, sports and leisure activities. Here the air and the sounds make you forget that you are in the middle of Lisbon. An isolated space of the city within the city itself.

The venue is located at only 5 minutes from Lisbon's main Hospital "Hospital Santa Maria" ensuring all participants will have fast assistance if needed, besides our local medical emergency on-site teams. From there to downtown you take only 15 minutes, and if you want to get straight to the Airport, only 10 minutes.
